Our vision, "A thriving innovation economy in Africa, driven by the power of our community" keeps the AfriLabs community growing. This month, we will be admitting new hub members! So watch our community spaces closely and follow us on all platforms [@AfriLabs](#).

AfriLabs General Meeting and other upcoming activities for AfriLabs' members and partners

During **#AAG2022**, we will hold the AfriLabs General Meeting, AfriLabs Board Election, AfriLabs Met Gala and AfriLabs Soirée, some of which will be exclusive to only registered members. Stay with us as we share more information in the coming days.

Apply for the ACBP Physical Workshops in a city near you

Application for the AfriLabs Capacity Building Programme (ACBP) workshops continues and ends on 28th October 2022. This programme - which will be delivered physically in English and French - is supported by Agence Française de Développement (AFD) through the Digital Africa seed fund.

Hubs within the AfriLabs network and newly established hubs outside the AfriLabs network are encouraged to apply. In this edition, 50 participating hubs across Africa will be selected via a competitive application and screening process targeting hubs that have incubated at least 1 complete cohort of startups and have operated for at least 6 months, following AfriLabs network membership criteria. The workshops will take place in 10 different African cities with the first happening in Lusaka, Zambia before the AfriLabs Annual Gathering.
